

REPOSYNC

UNIVERSAL VERSION CONTROL FOR PRECISION INDUSTRIES

ABIGAIL DULSKI; MENG AND B.S. IN COMPUTATION AND COGNITION AT MIT

PROBLEM STATEMENT

- **THE CHALLENGE:** TRADITIONAL FILE COLLABORATION TOOLS (E.G., GOOGLE DRIVE, SHAREPOINT) LACK VERSION CONTROL, AUDITABILITY, AND STRUCTURED WORKFLOWS FOR CRITICAL INDUSTRIES. PLATFORMS WITH THOSE FEATURES (GITLAB, GITHUB) ARE TOO TECHNICAL FOR COMPANY-WIDE COLLABORATION.
- **INDUSTRY IMPACT:** IN PRECISION INDUSTRIES (PHARMACEUTICALS, BIOTECHNOLOGY, FINANCE, PROTOTYPING), MISTAKES IN DOCUMENT VERSIONING CAN LEAD TO COSTLY ERRORS, COMPLIANCE ISSUES, AND INEFFICIENCIES.

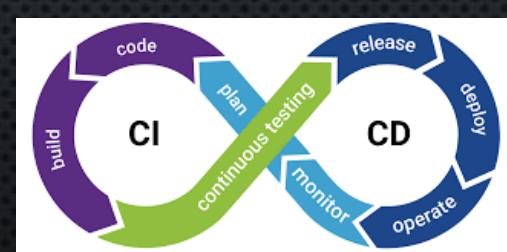

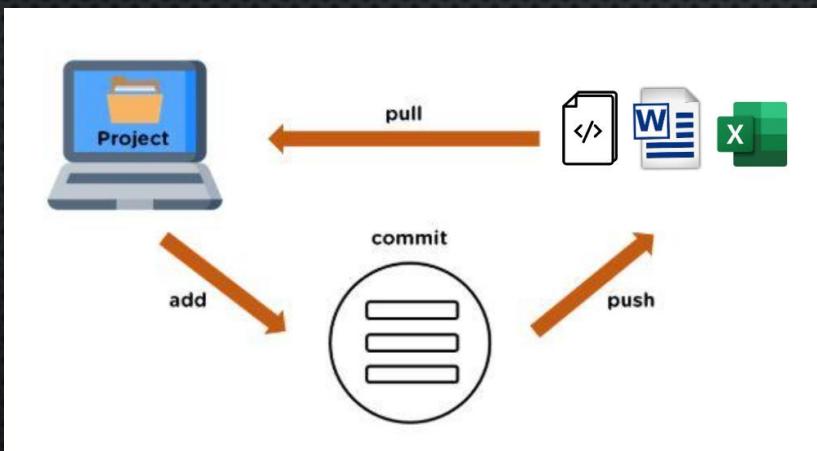

THE SOLUTION: REPOSYNC

- A UNIVERSAL VERSION CONTROL PLATFORM THAT ALLOWS EMPLOYEES TO COLLABORATE WITH ANY FILE TYPE AS SEAMLESSLY AS SOFTWARE DEVELOPERS USING GIT.
- EMPLOYEES WILL HAVE PERSONALIZED ACCOUNTS AND CAN DOWNLOAD LOCAL COPIES, PUSH UPDATES WITH VERSIONING, AND TRACK CHANGES WITH FULL TRANSPARENCY.
- AI-POWERED RECOMMENDATIONS WILL BE AVAILABLE TO IMPROVE WORKFLOW EFFICIENCY AND DOCUMENT ACCURACY.

HOW IT WORKS

- VERSION CONTROL: USERS PULL AND PUSH FILES WITH VERSIONING, MAINTAINING A CLEAR AUDIT TRAIL
- CI/CD FOR DOCUMENTS: FILES MOVE THROUGH A STRUCTURED PIPELINE ENSURING APPROVAL AND COMPLIANCE
- AI-POWERED INSIGHTS: PERSONALIZED DOCUMENT SUGGESTIONS BASED ON PAST ACTIVITY AND ORGANIZATIONAL KNOWLEDGE
- SECURITY & COMPLIANCE: INDUSTRY-STANDARD ENCRYPTION, ROLE-BASED ACCESS, AND AUDIT LOGS

WHY NOW? (MARKET TIMING)

- INCREASED DIGITALIZATION: PHARMACEUTICAL AND BIOTECHNOLOGY ARE EMBRACING CLOUD & AI-DRIVEN WORKFLOWS.
- RISING COMPLIANCE NEEDS: REGULATORY DEMANDS FOR TRACEABLE & AUDITABLE DOCUMENTATION
- AI & AUTOMATION GROWTH: COMPANIES SEEK INTELLIGENT COLLABORATION TOOLS TO ENHANCE EFFICIENCY

***Digitization
in pharma***

**Gaining an edge
in operations**

"Digitization has the potential to fundamentally transform pharma operations, opening the door to step-change improvements in performance. (Strategy & Digitization in Pharma; 1)

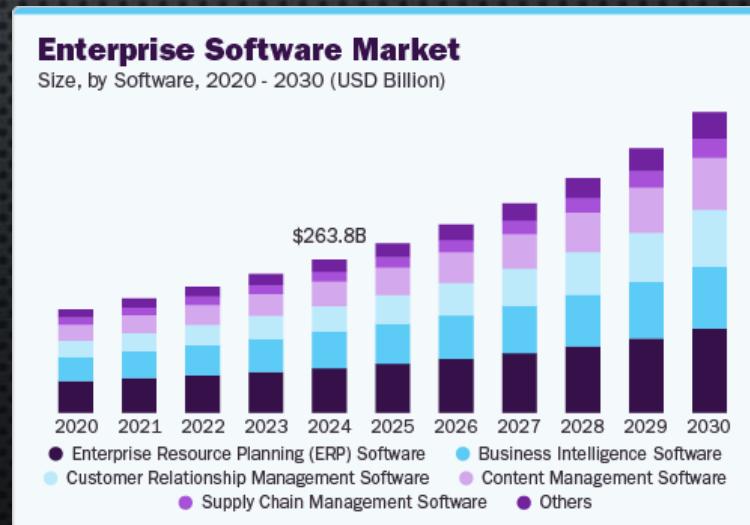

MARKET OPPORTUNITY

- PHARMACEUTICAL & BIOTECH MARKET SIZE: \$1.5T+ INDUSTRY WITH INCREASING DIGITAL TRANSFORMATION NEEDS.
- ENTERPRISE COLLABORATION & VERSION CONTROL: MARKET PROJECTED TO GROW \$25B+ BY 2028
- TARGET CUSTOMERS: BIOTECH & PHARMACEUTICAL R&D TEAMS, REGULATORY DEPARTMENTS, MANUFACTURING, AND FINANCE.

(MasterControl; 2024
Pharmaceutical Trends; 2)

(Grandview Research; Enterprise Software Market Size; 3)

COMPETITIVE LANDSCAPE

Competitor	Strengths	Weaknesses
Google Drive / SharePoint	Ubiquity, ease of use	Poor version control, lack of structured workflows
GitHub / GitLab	Best-in-class for code	Not optimized for non-code collaboration or for collaboration between non-programmers
Industry LIMS / ELN Systems	Industry compliance	Expensive, limited to very specific workflows
RepoSync	Universal version control, AI-powered recommendations, compliance-first	First mover advantage in this space

BUSINESS MODEL (VERY EARLY PROPOSAL)

- SAAS SUBSCRIPTION: PER-USER, PER-ENTERPRISE PRICING
- CUSTOM ENTERPRISE DEPLOYMENTS: TAILORED PLATFORMS FOR LARGER CLIENTS
- ADD-ON SERVICES: AI-DRIVEN WORKFLOW ENHANCEMENTS & COMPLIANCE AUDITS

GO-TO-MARKET STRATEGY

- EARLY ADOPTERS: SMALL-TO-MID BIOTECH AND PHARMACEUTICAL COMPANIES
- PARTNERSHIPS: COLLABORATION WITH REGULATORY BODIES AND CLOUD PROVIDERS
- SALES CHANNELS: DIRECT SALES, ENTERPRISE OUTREACH, AND CONFERENCES

ROADMAP & MILESTONES

Phase 1: (0-6 months): MVP with core version control & CI/CD for documents

Phase 2 (6-12 months): AI-driven recommendations & early enterprise pilots

Phase 3 (12-24 months): Expansion into larger pharmaceutical companies and compliance integration

TEAM

- FOUNDER/CEO: ABIGAIL S. DULSKI
 - MIT CS AND NEUROSCIENCE, EXPERTISE IN AI AND DATA PROCESSING
 - INDUSTRY EXPERIENCES AT AMGEN AND IBM
 - LEADERSHIP EXPERIENCE WITHIN D1 COLLEGIATE ATHLETICS, SOCIETY OF WOMEN IN ENGINEERING, VOLUNTEER ORGANIZATION CAMP KESEM, AND SORORITY ORGANIZATION KAPPA ALPHA THETA

WRAP-UP

REPOSYNC IS REVOLUTIONIZING FILE COLLABORATION FOR PRECISION INDUSTRIES. JOIN US IN TRANSFORMING HOW BIOTECH, PHARMACEUTICALS, FINANCE, AND MANUFACTURING MANAGE CRITICAL FILES!
